Make plans to meet with friends and visit one of the many restaurants or fast food places in the area.

President's Corner

The temperatures are getting cooler, and the leaves are beginning to turn. Fall is my favorite time of the year and reminds me why I chose the career I did 42 years ago. Science was always my favorite subject and I have always been fascinated by the brilliant colors of fall. Fall represents a transition between summer and winter and the process where trees decrease their production of chlorophyll in their leaves which allows the other colors to become visible.

Our unit has also experienced changes with a new slate of officers and our new location. **Due to scheduling conflicts for the next two months, we will be meeting at the New Beginnings Methodist Church (2975 Cobb Parkway NW, Kennesaw.** Since we are meeting in the sanctuary of the church, we will not be having lunch. There are numerous places

to eat near the church, so make plans with your friends to have lunch after our meeting.

Retired Educators Encouraging Active Educators!

Governor Kemp has proclaimed that Sunday, November 5 will be Retired Educators Day in Georgia! Yay us! To celebrate C-MREA members have made it a practice to take goodies to a local school of their choice to thank them for their hard work. If you participate, you can **print the poster included here** or pick one up at our October or November meeting or make one of your own. What you

take is totally up to you. In the past, folks have taken candy, apples, popcorn, crackers, and even school supplies. If you decide to take a basket, please take a picture and send it to Janet Robison (robisonjanet@gmail.com), so she can put it on Facebook and send it to GREA. Thank you in advance for being a part of this project. (**Click to see a copy of the proclamation.**)
